

"In close encounter hunting, your ears tell your eyes where to look and if you're wearing an Archer's Ear, you'll be ready for your shot!"

– Ralph Cianciarulo, Host Archer's Choice TV

ARCHER'S EAR

Item Number: GWP-WGEHD-AE

The new Walker's Archer's Ear is optimized for the serious bow hunter. Designed to amplify high frequency sounds with 48 decibels of power, the Archer's Ear gives you up to a 7X hearing enhancement in hunting conditions. With High Definition Digital Signal Processing, the Archer's Ear streams consistent, clear, clean sound enhancement. Three different sized soft silicon ear buds are included for low noise environments allowing for comfortable all day use. When worn in loud environments, like when using power tools or shooting, the included foam plug must be worn. The foam plug provides a 22 dB Noise Reduction Rating. Powered by a long lasting #13 battery, the Archer's Ear is critical piece of equipment that will give you the extra advantage to bring game home.
