

"As an outfitter, the tools I choose for myself and my clients make all the difference between a good day in the woods or a great day of hunting. That's why we use Walker's everytime."

– Fred Eichler, Host Easton Bowhunting TV

HYBRID

Walker's **Digital Hybrid** incorporates the latest 6 Channel Digital Circuitry providing crisp, clear sound enhancement. Multi-Channel Sound-Activated Compression circuit, in conjunction with the foam tip, helps protect your hearing in loud environments. The **Digital Hybrid** has 4 listening programs: general, crowds, music/theater, and nature.

- 6 Channel Circuitry
- 4 Program Settings
- Open Fit Design
- Noise Reduction Rating (NRR) of 22 dB

Item Number: GWP-HY-BTE-L/R
